

How it Works: Muscle Jel's dual-action formula delivers a cooling sensation followed by comforting warmth, helping to temporarily relieve minor muscle and joint pain. The clear gel is stainless, non-greasy, and has no unpleasant odor—ideal for use anywhere, whether at home, in the workplace or on the go.

MUSCLE JEL

Relief of Minor Muscle & Joint Pain—Without the Trace

When pain happens (*and it will*) Muscle Jel provides temporary relief of minor aches and pains, without the unpleasant odor, so clients can get back in the action, and no one has to know.

Muscle Jel provides temporary relief of minor aches and pains in muscles and joints associated with:

- Backache and muscle aches
- Arthritis pain
- Strains, sprains, and bruises

Botanical Ingredients to Condition Skin

In addition to its OTC active ingredients, Muscle Jel contains botanical ingredients that help condition the skin and enhance the sensory experience during use. These ingredients do not contribute to the drug's analgesic effect. It offers a formulation designed to support both temporary pain relief and skin conditioning.

Why Customers Choose Muscle Jel

- **Botanical-Enriched Formula:** Aloe vera, angelica root, and ginseng set it apart from generic menthol gels
- **Purpose-Built for Active Lifestyles or Bulk Use in PT Offices & Clinics:** Convenient pump-top bottles
- **Made in the USA:** Manufactured and packaged in the USA

Active Ingredients (for temporary pain relief):

- Menthol 3.5%
- Camphor 0.2%

Additional Inactive Ingredients:

- **Aloe Vera (Aloe Barbadensis Leaf Juice):**
Long valued for its skin-soothing and moisturizing properties, aloe vera helps condition the skin at the application site.
- **Angelica Root Extract (Angelica Archangelica):**
A prized botanical in European herbal tradition, garden angelica has been used since the Middle Ages for its aromatic and skin-conditioning properties. Rich in natural compounds, angelica root extract helps condition the skin, leaving it feeling softer and smoother.
- **Panax Ginseng Root Extract:**
As one of the most widely recognized botanicals in the world, Panax ginseng has long been valued in skincare. Its ginseng root extract helps condition and smooth the skin's surface, leaving skin looking refreshed at the application site.
